WELCOME FROM THE PRESIDENT

Under the auspices of

Dear Colleague,

it's my great pleasure to invite you to participate in the proceedings of **7th Italian Conference on Thoracic Oncology (CIOT)** that, in its annual recurrence, will take place in Naples from June 20th to June 22nd 2019 organized by AIOT (Italian Association of Thoracic Oncology) and that I've the responsibility to chair.

I would like to call your attention to at least three interesting aspects of Milan's Conference that make the appointment very peculiar and that I identify in its International form, in the location and in its goals.

International form

The 70% of Faculty is composed of foreign speakers, everybody playing an active part in clinical research in Thoracic Oncology and KOL in their respective countries. We expect significant foreign delegations. The official language of the Conference will be English.

Location

Located in a wonderful position, in the heart of Naples, the conference venue offers to the city a meeting point of extraordinary importance. Its natural elegance and flexibility make it the ideal location for congresses, meetings and events of any kind. The location is in the heart of history and Naples key attractions.

Goals

Setted immediately after ASCO, the Conference will give an update on the data coming from Clinical Research in Thoracic Oncology directly from the voice of its Authors more representative in an appointment that we would like to be lasting inside of the international congressional track.

For these reasons I'm trusting that you should appreciate the effort of the organizing secretariat to realize this scientific meeting doing credit to us with your attendance in Naples.

Arrivederci

President of 7th CIOT

Fiortunato Ciardiello
