MILAN '22

WELCOME FROM THE PRESIDENT

Dear Colleague,

it's my great pleasure to invite you to participate in the proceedings of **10th International Conference on Thoracic Oncology (CIOT)** that, in its annual recurrence, takes place in Milan, from June 23RD to June 24TH 2022 organized by AIOT (Italian Association of Thoracic Oncology) and that I have the honour to chair.

I would like to call your attention to at least three interesting aspects of the Conference.

International form

90% of Faculty is composed of foreign speakers, everybody playing an active part in clinical research in Thoracic Oncology and KOL in their respective countries. We expect significant foreign attendees. The official language of the Conference is English.

Location

Located in a wonderful position, in the heart of Milan, the conference venue offers to the city a meeting point of extraordinary importance. Its natural elegance and flexibility make it the ideal location for congresses, meetings and events of any kind. The location is in the heart of history and Milan fashion district.

Goals

Settled immediately after ASCO, the Conference gives an update on the data coming from Clinical Research in Thoracic Oncology directly from the voice of its Authors more representative in an appointment that we would like to be lasting inside of the international congressional track.

For these reasons I'm trusting that you should appreciate the effort of the organizing secretariat to realize this scientific meeting doing credit to us with your attendance in Milan.

Arrivederci

President of 10th CIOT

Filippo de Marinis
